

SEND CPD Opportunities: New for 2017-2018

Increase Your Success for Learners with ADHD

Thursday 9th November 2017 9am to 3.30pm

Designed for staff at all levels who are working with students with ADHD, or would like to move into this field. The course will help delegates to develop their understanding and knowledge of ADHD and will provide reassuringly uncomplicated strategies to enable students to enjoy lessons and succeed in the classroom.

Price: £100 per person to include resources and buffet.

Autism Awareness

Tuesday 12th December 2017 9am to 12.30pm

For staff at all levels who are working with students with Autism or who would like to move into this field. During the session delegates will develop their basic understanding and knowledge of autism, the various barriers and difficulties presented and leave equipped with strategies and techniques to aid learning.

Price: £50 per person including resources and refreshments.

Supporting Learners with Autism During Unstructured Times

Wednesday 24th January 2018 9am to 12.30pm

Designed for staff at all levels who are working with autism or who would like to move into this field. Delegates will develop their understanding and knowledge of Autism Spectrum Condition (ASC) and leave with reassuringly uncomplicated strategies to enable students to enjoy the whole school experience.

Price £50 per person including resources and refreshments.

Behaviour 360

Wednesday 24th January 2018 1.00pm to 4.00pm

Designed for staff at all levels to provide tools essential to manage behaviour in the classroom. Delegates will develop their understanding of behaviour, and barriers to learning and the most effective communication.

Price: £50 per person to include resources and refreshments

Supporting Learners with Pathological Demand Avoidance (PDA)

Wednesday 21st February 2018 9am to 3.30pm

Designed for staff at all levels working with students with PDA or who would like to move into this field. Delegates will develop their understanding of PDA and the impact on the individual. Looking at the characteristics of PDA type behaviour and differences between PDA and other conditions on the Autism Spectrum, delegates will examine the facts and dispel myths around this often complicated and misunderstood condition.

Price £100 per person to include resources and buffet
