

## **Behaviour 360**

This fabulous half day course has been designed for support staff, teacher, learning mentors and tutors. Specifically designed to give you the tools to manage behaviours in the classroom

During the session delegates will develop their understanding of behaviour, look at various barriers to learning and the most effective communications. They will leave with effective and manageable strategies and techniques to aid learning.

By the end of the session, delegates will have:

- An understanding of different forms of behaviour
- An awareness of classroom management techniques
- Techniques to develop an appropriate learning environment
- Developed strategies to aid behaviour for learning
